PROFESSIONAL SUMMARY

Recent **B.Tech Computer Science** graduate with practical experience in **Full Stack MERN Development** through internships and academic projects. Proficient in **React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, CSS, and REST APIs**. Built multiple real-world applications and am passionate about developing scalable, user-focused web solutions.

WORK EXPERIENCE

Software Developer Intern — RS Education Solution

2026-02 — 2026-06

Faridabad, Haryana, India

- Developed and maintained educational web applications and admission-related services.
- Implemented search, filtering, and user-focused features to improve usability.
- Optimized website performance, responsiveness, accessibility, and SEO.
- Managed deployment, maintenance, and continuous platform enhancements.
- Contributed to the live platform: **rseducationsolution.in**.

MERN Stack Intern — UptoSkills

2026-01 — 2026-02

Remote

- Completed an internship focused on MERN Stack development.
- Built responsive web pages using React.js, HTML5, CSS, and JavaScript.
- Worked with Express.js and MongoDB to develop backend APIs.
- Collaborated with mentors and team members using Git and GitHub.

Web Development Intern — CodSoft

2025-06 — 2025-07

Remote

- Developed responsive front-end projects using HTML5, CSS, and JavaScript.
- Built an interactive calculator web app with a responsive UI and validation.
- Created portfolio and landing page projects following UI/UX best practices.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

2022-07 — 2026-07

J.C. Bose University of Science and Technology, YMCA

- CGPA: **7.833/10**
- Relevant Coursework: Database Management Systems (DBMS), Operating Systems, Software Engineering, Web Technologies, Object-Oriented Programming (OOP), Front-End Development, MERN Full Stack Development.

Senior Secondary (Class XII) in Science

2021-03 — 2022-03

Fogaat Public Sr. Sec. School

- Passed Class XII with 80%.
- Developed strong analytical, communication, and problem-solving skills through academic coursework.

SKILLS

Chrome DevTools

npm

PROJECTS

RS Education Solution — Full Stack MERN Developer Intern

React.js, JavaScript, SEO

- Developed a production-ready educational platform using React.js, Node.js, Express.js, and MongoDB.
- Built responsive user interfaces, reusable React components, and RESTful APIs for student and university management.
- Implemented admission workflows, online university modules, and dashboard features.
- Collaborated with the development team to optimize performance, fix bugs, and deploy scalable solutions.
- Improved SEO, responsiveness, and user engagement.

AgritechAi Analytics Platform — Full Stack MERN Developer

- Developed a MERN-based smart agriculture platform as part of a collaborative team project.
- Built responsive dashboards, authentication, and REST APIs for agricultural services.
- Integrated weather information, government schemes, and crop-related modules to support farmers.
- Collaborated using Git/GitHub while contributing to frontend and backend development.

UNO Show 'Em No Mercy Multiplayer — Full Stack Developer

- Independently developed a real-time multiplayer UNO game using React.js, Node.js, Express.js, and Socket.io.
- Implemented room creation, multiplayer synchronization, game logic, and responsive gameplay.
- Designed an interactive user interface with smooth animations and modern game mechanics.
- Deployed the application on Vercel for public access.

Developer Portfolio Website — Frontend Developer

- Designed and developed a modern personal portfolio using React.js, Vite, Tailwind CSS, and Framer Motion.
- Built reusable components, responsive layouts, and smooth animations.
- Integrated EmailJS contact form and optimized performance, SEO, and accessibility.
- Deployed on Vercel with a fully responsive design.

Food Ordering & Delivery Platform — Full Stack Developer

- Developed a full-stack food ordering application using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.
- Implemented user authentication, cart management, order processing, and REST APIs.
- Built responsive interfaces and optimized application performance for a seamless user experience.
